

# Authorization Slip for

Drivers R Us Driving Education

208-613-5692

Dear Parents and Students,

Thank you for your interest in Drivers R Us Driving Education and welcome to our class! Our classes are held online by Idaho Online Drivers Education. The class can be completed in 4 to 6 weeks. You are required to have 30 hours of classroom instruction. If you complete up to 8 hours a week of the online class you will be on track to finishing in 4 weeks. It is also required that you complete 6 hours of driving time and 6 hours of in-car observation. The driving schedule will be made online at Schedule 2 Drive. You will be paired up with a driving partner that you will communicate with in order to schedule drives together.

You will need to obtain your Supervised Instruction Permit before you start class. Please don't wait until the last minute to purchase your permit. Begin now to get the permit so you will be ready to go when class starts. Please read all the information from the Department of Motor Vehicles (DMV). It is very important that both you and your teen know how this course works and understand what you need to do. You need to bring this form into the DMV so that the DMV can register you for Drivers R Us Driving Education. After you have purchased your permit at the DMV, the official copy will be mailed to the instructors at Drivers R Us. Your permit must be purchased before the online class can start and before you can start scheduling drives. The cost of this driver's education course is \$365.00. The only items that you need to bring to drives are a notebook, pencil or pen and the payment for the class if you haven't paid online.

Drivers R Us is dedicated to put responsible, safe drivers on the road. We teach our student good driving habits that will keep them and others safe. We use current content that meets the State Department of Education Standards. This helps our students have the right attitude, knowledge, and skills to become great drivers. As we drive with your teens, we encourage them to practice correctly the skills they have learned in the classroom. We know that as young drivers practice and use correct skill, they will become safe and courteous drivers.

For more information about our program or to enroll in our next class please visit <http://www.driversrusschool.com> or calls 208-613-5692 or send a e-mail to [driversrusllc@gmail.com](mailto:driversrusllc@gmail.com). We look forward to meeting and working with you.

Thank you,

Cortland Bailey
